### **Information for Artists**

Fibre artists are invited to submit an application to enter up to 3 pieces of Fibre Art in the People's Choice Gallery at Fibre Fest in Campbell River on May 3, 4 & 5, 2019. We are looking forward to your Fibre Art submissions. We love to share the creativity of the artists in our midst and the fine quality all of you express in your passion for FIBRE.

The Gallery will be open: Friday 3-8pm; Saturday 9-5pm; Sunday 10-3pm.

We have a special **'Historical'** section for display only, no judging. We received such positive feedback last year on the pieces we had that had a historical influence that we decided to showcase some Fibre History. If you have something that is **25 years or older** that you think would fit into this category please give us a call or email. Each piece submitted into the 'Historical' section must include the history behind the making of the item. The Gallery will also be open on Friday evening for viewing during the hours that the Marketplace is open.

Each piece you submit must have been finished within the **last 2 years** and must fit into one of the following categories (categories are subject to change and additional categories may be added):

We ask that all items be brought to the Lounge at the Community Centre by 12:30pm on Friday May 3 to enable us to get all entries set up in time for show opening.

If you have items that you wish to sell please indicate that on the application form with the price. We will put a red dot on the info card, which will let people know that the item is for sale and we will provide people with an info card with your contact information and the price.

Submissions will be on display for public viewing Friday evening, Saturday and Sunday. Ballots will be available for voting on Friday and Saturday. The votes will be counted on Saturday afternoon and the winning pieces in each category posted. The Peoples' Choice winners will be unveiled at the evening Reception on the Saturday.
